

W. Wiese, Pioneer Bentley Resident Passes Away

52-Year-Old-Timer of Gull Lake And Bentley Districts Dies in Hospital On Saturday Night

BENTLEY.—William Wiese, 52-year-old pioneer of this district, passed away at the Bentley Community Hospital Saturday evening. His death came as a distinct shock to his family and friends. The previous Sunday he and Mrs. Wiese had motored to Ties to visit at the home of their daughter, Mrs. Linda Marshall, and family. He was taken ill while there and brought to the Bentley Hospital Monday.

Funeral services were held on Tuesday afternoon at the Community Hall here, and a large number of friends filled the hall to pay their last respects. Rev. J. H. Huston of Rimbey and Rev. C. A. Warren of Bentley officiated at the funeral. Interment was made at the Bentley cemetery. The Lacombe Funeral Home had charge of the funeral arrangements.

Pallbearers at the funeral were all grandchildren of the deceased. Mr. Wiese came to this district from Nebraska in 1900 and settled at what is now known as Aspen Beach. In the pioneer days of the district, Aspen Beach was called Wieseville, in his honor. At this time, Gull Lake was a stopping place for settlers moving further west. Mr. Wiese built the first hotel at Aspen Beach.

Born in Germany He was born in Germany on Dec. 21, 1885, and at the age of 24 he travelled to the States, settling in Nebraska, in which State he lived until moving to this district. He remained at Aspen Beach until 1918, at which time he sold his interests and purchased a farm near Carstairs, where the family resided for five years. In 1918 Mr. Wiese moved to Bentley, where he purchased a house, living there for 12 years before moving to the farm 12 miles north-west of town where he lived until the time of his death.

In 1886 Mr. Wiese married Miss Mary Schults, a native of Germany, who came to Nebraska with her parents when a young girl. In 1936 the aged couple celebrated their golden wedding anniversary.

The sympathy of the entire district goes out to Mrs. Wiese and her family at this time. Mr. Wiese leaves to mourn his loss his wife; four sons, Roy and Ralph of Bentley; Carl of Barrhead and Detluff of Constance; three daughters, Mrs. L. Thorpe Bentley; Mrs. L. Marshall of Ties; and Mrs. Eva Newcombe of Carstairs. There are 27 grand children and two great grand children.

Lions' Club to Sponsor Christmas Cheer Fund

Tentative plans for the raising of a Christmas Cheer Fund, proceeds to be used to aid the needy of the town and the surrounding district, were laid by members of the Lions' Club at their regular meeting held in the Empress Hotel Tuesday evening. A committee of four, with Dr. F. D. Locke chairman, was appointed by the President, C. D. Marble, to make all necessary arrangements for the fund. Considerable discussion regarding the raising of monies, distribution, etc., took place, but the details of the arrangements will be left with the committee appointed.

A committee was also appointed to look into the possibilities of staging a Minstrel Show here, using all local talent to be presented to the general public after the New Year. The show will be staged to raise funds to carry out club activities.

This Week's Thought

Our greatest glory is not in never falling, but in rising every time we fall.

F. P. Holgate Resigns As Chief Of Police Here

Chief of Police F. P. Holgate of the local police force handed in his resignation to Town Office yesterday (Wednesday) at noon. The resignation will probably take effect shortly. Mr. Holgate, who succeeded the late S. L. Warrior as Chief of Police here, came to Lacombe six months ago. Before that time he had for many years served on the R.C.M.P. force of this province.

Town councillors, contacted by The Lacombe Globe, stated that no consideration had as yet been given to the appointment of a successor to Mr. Holgate. A special meeting will probably be called in the near future to discuss this question.

Seed Peas Crop Profitable For District Farmers

Details released in Lacombe Monday show that many farmers in this area have been able to reap good profits from the growing of peas for seed, at the same time diversifying their crops. Under contract with the Grimm Alfalfa Seed Company, Association of Brooks, Alta., a total of 300 acres were sown to this crop by twenty farmers in this district and the returns from the sale of the peas were very satisfactory. One farmer had 20 acres of peas, which netted him \$40 per acre. The Brooks Association pays \$2.50 to \$3.10 per 100 pounds for the pea crop, according to grade, and all seed is shipped to Brooks for cleaning and distribution.

Seed is supplied each Spring by the Association, the cost of such seed being deducted from the crop returns in the fall. At Brooks the seed is planted and the resulting crop sold to canning factories.

T. Wilks of Lacombe, agent for the Brooks growers in this Alberta, stated that the growing of peas for seed is now on a large scale, as over 2,000,000 pounds are grown annually for this purpose in Alberta.

Lacombe Wins From Wetaskiwin 10-0 In Rugby Tilt Monday

Playing their best football of the season, the Lacombe High School rugby team defeated Wetaskiwin 10-0 in a rugby tilt played at the school grounds on Monday. The two teams were evenly matched and play saw a hard-fought and forthright mid-field until half time. Behind brilliant interference, Irvin Todd ran the ball on a fake kick around left end to the Northerners' eight-yard line early in the third quarter. On the next play Hal Haverstock scored the major points with a sprint around the end. The convert failed.

Lacombe scored for the second time in the third quarter when Carr blocked a kick, scooped up the ball and dashed over the Wetaskiwin line for the major points. Haverstock's kick for the convert was wide, the score being 10-0. There was no further score for the rest of the game. A return game will be played early next week.

SELS No. 1 GARNET; NO DOCKAGE DEDUCTED

A. L. Saunders of Aspen Beach says and therefore reaps clean grain. This is proven by a carload of wheat, loaded through the United Grain Growers' elevator at Aspen Beach, sold with dockage registered as Nil. The wheat graded No. 1 C.W. Garnet.

POLIOMYELITIS SUSPECT CASE QUARANTINED

A suspected case of poliomyelitis (infantile paralysis) has appeared in town, and the case quarantined. Dr. L. A. McLean, medical health officer, when contacted by The Globe, reported: "The case is a suspect only and was being kept under observation. The boy, 13 months old, is the son of Mrs. J. Jackshaw."

Presentation Made to Mayor E. H. Jones At Banquet

Large Gathering Attends Board of Trade Function; Lengthy Discussion Regarding Raising the Water Level of Gull Lake

"As a token of our appreciation for the services rendered the Fowls of Lacombe, while serving on the Town Council for the past 15 years and the last six years as our Mayor, during which time you gave freely of your time and energy, for which your only recompense has been the esteem and appreciation of your townspeople, I have much pleasure in presenting you with this shag bag on behalf of your many friends in Lacombe and District." This is what was said by G. T. Jackson, ex-Mayor of Lacombe, in making the presentation to Mayor E. H. Jones, K.C., at a banquet tendered in his honor by the Lacombe and District Board of Trade at the Adelphi Hotel last Monday night. Close to 100 attended the gathering. In acknowledging the gift, Mayor Jones said, in part that he appreciated very much the kindness extended him, and the large gathering he felt were his friends, or they would not be there, which he valued greatly.

"I do not think," he continued, "that I have been more embarrassed for some years, and my feelings are deeply touched with this sentiment. Any little help that I have accorded has been a pleasure to me, and I shall treasure the gift, and the kindly feelings which induced it, for the rest of my life. It was no little break to leave so many kind friends, after a residence in Lacombe of 26 years."

While his new duties were in another town, he intended for the present to keep his home here and would be a frequent visitor. "I recall with pleasure," he said, "meeting several of my friends here tonight when I first came to Lacombe in 1913."

Mayor Jones was the first president of the Lacombe and District Board of Trade in 1925.

Regular Business It was the third quarterly meeting of the Board and was presided over by President J. S. McCormick. Prior to the presentation, several matters were discussed by the members. H. S. Trame reported on the Edmonton meeting, where delegates from different parts of the province were strongly in favor of forming a provincial body, to be known as the Associated Boards of Trade of Alberta, and a convention has been called to take place at Red Deer on Wednesday, Oct. 26. Delegates from Lacombe to attend that convention were appointed.

The Youth Training School was discussed and surprise was expressed that the school would be held at Lacombe or Ponoka, according to a tentative program sent out by the Government, in view of the great success of the school held in Lacombe last year, which officials freely admitted to be one of the best. It was decided that the secretary write to the Department of Agriculture, assuring them every co-operation in asking that the school be again held here in 1939.

Reports on Water Diversion G. E. DeLong reported on the matter of diverting the waters of the Blindman River into Gull Lake, and also on the pier at the lake, which was in process of being torn down. He found from records kept at the Experiment Station that the average yearly evaporation was 16 inches, and the rain and snowfall 18 inches. Over a 14-year period, but still the lake had showed a gradual decline in past years. During the Spring run-off the Blindman River became a raging torrent, and often bridges were under water, which if brought into the lake would help restore it to its normal level. The idea of erecting a dam might be also investigated.

The pier, which had been partly removed, created a greater volume of water behind it, but he understood the work had been stopped on account of the strong objections among the public because of its removal.

T. Wilks, one of the Gull Lake councillors, stated that the council had taken the matter of raising the waters of Gull Lake up with the Provincial Government and a letter had been received from the Department of Water Resources and Irrigation, advising that they had made a provisional survey and found that the Blindman River was lower than Gull Lake, and the project of diverting water was not feasible, and the expense of such an undertaking would be exorbitant.

To Consult With Ottawa A very lengthy discussion ensued and finally it was moved that the executive take up with the Federal Government the possibility of making a proper survey of the plan, which was carried. Representations will also likely be made regarding a new pier, or an extension of the old one. President F. H. Hunter of the Bentley Board of Trade extended a welcome to any member to attend their regular meeting next Monday night. A solo by T. Wilks and community singing also comprised the program.

Mayor E. H. Jones Honored By Town Councillors

Surprising Mayor E. H. Jones, who as Police Magistrate for this territory, is being transferred to Camrose, members of the Lacombe Town Council and Civic Employees gathered in his office on Monday afternoon and presented him with a shag bag in brief case. In making the presentation, L. P. Minkler, Secretary of the Town, voiced the regret of the Town officials in the removal of Mr. Jones, who has been Mayor of Lacombe for the past four years, and has served on the Town Council since 1923. Deeply touched, Mr. Jones expressed his thanks for this indication of liking and esteem.

Horses Average \$67.84 Per Head At Auction Sale

Sixty-four head of horses sold at the J. Fowle Auction sale at the Lacombe Stockyards Monday for an average price of \$67.84. The top price paid was \$105 for a single horse, J. D. Phillips being the buyer. Buyers and horsemen from shipsheds of Central Alberta attended the sale, with Rimbey, Ponoka, Innisfail and Red Deer represented.

The livestock were the nicest bunch of young horses ever to come to Lacombe, stock men claimed. C. F. Darnon was the auctioneer and Jesse Fraser clerked the sale.

J. Miller Crowned Club Champion at Local Golf Course

John Miller was crowned club champion at the local golf course when he defeated F. O. Vickers for the honor. This was the decision given by the Draw Committee of the golf club, who checked and re-checked the winners of the various cups over the week-end. Mr. Miller will hold the Turvey cup, as a result of his win, until next year.

The Wildlife Cup, for those having a handicap of 18 and over, was won by Bob Lawrence. This contest started on Aug. 8 and consisted of 18 holes of match play. The Barker Challenge Cup, up for competition all year, was won by Mr. McCaughy. George Brown was the runner-up in this event. Each golfer had won the cup three times during the season, and played off over the week-end for final possession.

The Parsons Challenge Cup, composed of a Scotch four-ball foursome, each two-some to have a combined handicap of not less than 26, was won by I. O. Irish and Harry Hunter. Play for this cup consisted of 12 holes, the low and aggregate points at each green.

SOCIAL CREDIT CONVENTION TO BE HELD HERE

A special meeting of the Lacombe Social Credit Group No. 1 will be held in the Town Hall on Monday evening, Oct. 24, at 8:00 p.m. for the purpose of electing delegates to the annual convention in Lacombe. A new slate of officers will also be elected. All members voting must be paid up for the coming year.

Members of the plan, which was carried. Representations will also likely be made regarding a new pier, or an extension of the old one. President F. H. Hunter of the Bentley Board of Trade extended a welcome to any member to attend their regular meeting next Monday night. A solo by T. Wilks and community singing also comprised the program.

The Mite Of The Horse World

Lord Algy, considered one of the smallest grown horses in America. Lord Algy is shown above munching an oat or two in the shadow of an average-sized horse.

"Provincial Government Has Moved in Wrong Direction"—J. Brinson

Originator of Credit Association at Three Hills States That "Credit Houses" Must Operate at Loss Under Present Set-Up

"The Provincial Government cannot operate the treasury branches under their present set-up, except at a loss," declared John Brinson of Three Hills, originator of the Brinson proposals, when addressing a public meeting held in the Church Hall last Thursday night. The meeting was arranged for by the Lacombe Social Credit Association. Over sixty attended. "The Government has moved in the wrong direction" in the opening of the "State credit houses," Mr. Brinson stated. "They've missed a connecting link (in the circulation of money within a district, and so I'm afraid of the best thing in the world," Mr. Brinson asserted that his scheme

was a practical application of the Douglas theories, and that under his system the debt of this Province could be liquidated within 10 years. "Under the present set-up of the Provincial Treasury branches, these branches will have to borrow to operate. Under my system, we will be able to pay the Government money," he said.

The speaker dealt with the accusation that he was "peevish" with the Provincial Government because he was not called upon to aid in the formation of the Provincial Treasury branches. "This is positively untrue," he said.

He gave a detailed report of the workings of his credit system. By means of a blackboard, he demonstrated theoretically a certain district, showing how under his system, the purchasing power within that district could be increased. "Douglas dealt in theory and principle," he said, "I deal with its application."

"Money will come into existence as money debt-free under my system," he said.

Bonus Is Given Mr. Brinson pointed out that under his system, a "good will" bonus of five per cent is given to the district, showing how to where this bonus came from, he answered, "from the financial system." He emphatically stated that saving depositors' money in the "bank" was not touched, and was available to the depositor at any time. "The sole purpose of this association is the consumption of goods," he declared.

C. M. Willmot introduced the speaker. T. F. Roberts was the chairman.

S. J. Henderson to Show Five Head of Cattle at Toronto

Preparations are being made by stock men all through the Province of Alberta to fit live stock for the Toronto Royal Winter Fair being held in the Ontario city Nov. 15 to Nov. 23. The only stockman of this district shipping cattle to the world-known exhibition is S. J. Henderson, who plans on showing five head from his Aberdeen-Angus herd. He will enter in the marketing classes three steers, and in the breeding classes he will show one junior yearling bull as well as a yearling heifer calf. All during the forenoon and after dinner, delegates wrestled with the revision of the constitution. Each section and sub-section was read by the chairman, J. M. Smith of Alia, and discussed at length by the delegates. The system for the election of the delegates to the annual meetings, such delegates only to have a

Debenture Issue of 1918 For \$8,000 Cleaned up by Town

Town Councillors Hear Report That Issue Paid in Full; Were Issued for Electric Light Plant

Councillors of the Town of Lacombe smiled contentedly as they viewed a paid-up debenture issue of \$8,000 at the regular council meeting of the Town held Tuesday night. The debentures were issued in 1918 to provide money for the installation of a new unit in the town-owned electric light plant. Secretary-Treasurer L. P. Minkler explained that the final payment had been made this year, and the debenture issue paid off in full. The documents bear the signatures of W. N. Morrison, Mayor, and N. E. Carruthers, Secretary-Treasurer. The issue was made up of sixteen \$500 debenture forms.

Considerable discussion regarding the clearing of the nuisance ground north and west of town, occupied the time of the council. Nels Pearson appeared before the councillors and explained that the nuisance ground must either be cleared or new land bought. Councillor T. Wilks, chairman of the Public Works Committee, was delegated to see to the matter, the question being left in his hands.

No Tenders for Rink

Councillor W. C. Sweet informed the council that no tenders had been received for the leasing of the rink this coming winter, but asked that the matter be left over until the next meeting to see what action might be taken by the hockey club. A report on an interview Councillor Wilks had with Calgary Power officials was given by the councillor, who explained that the wattage of the street lights at the present time was 250, and it was probable that this wattage would be increased shortly at no extra cost to the town.

A. C. Sylvest of Ponoka appeared before the council regarding the sale of concrete culverts, manufactured in Ponoka, for use around town. He left figures and quotations for the council's deliberations.

Record Hung Up at Auction Sale

"Are ya all done?" This is the last call, is the familiar phrase heard at the auction sales at this season of the year. It must have been the closing time at the sale of Dick Lakeman last Saturday, when something of a record was made. The sale was timed and lasted exactly six hours, which is 30 minutes in that time 360 sales were made by Auctioneer C. F. Darnon—one a minute, which is "going some."

Not only that, but when the sale finished only three purchasers had failed to make payment to Jesse Fraser, who clerked the sale. If anyone can beat that for fast work, we'd like to hear of it.

L.O.D.E. CARD PARTY WELL ATTENDED

Sponsored by the Lord Lascelles Chapter, L.O.D.E., a very successful card party was held in the Empress Hotel on Friday evening, October 14. In addition to the ten tables of bridge in play, a number of contributions were received by the Chapter. Prizes were won by Mrs. J. Edgington and A. M. Campbell.

Optimistic Regarding Future Of C.A. Dairy Pool

A report of optimism regarding the present and future of the Central Alberta Dairy Pool was made by E. A. Johnstone, manager of the Pool, at a deferred meeting of the delegates held at Alia Wednesday. Mr. Johnstone, in his evening report, stated that the sale of condensed milk and powdered milk were increasing, as he painted a brighter picture of the Pool's future.

All during the forenoon and after dinner, delegates wrestled with the revision of the constitution. Each section and sub-section was read by the chairman, J. M. Smith of Alia, and discussed at length by the delegates. The system for the election of the delegates to the annual meetings, such delegates only to have a

THE LACOMBE GLOBE

A strictly independent weekly newspaper, published every Thursday in the Globe Building, Lacombe, Alberta.

SUBSCRIPTION RATES

Three Months in Canada.....	\$ 50
Six Months in Canada.....	1.00
One Year in Canada.....	2.00
One Year in United States.....	2.50

The Lacombe Globe stands for:

1. The advancement of Lacombe and district in agricultural, industrial and community life.
2. Free democratic government in Alberta.
3. Reduction of taxes and the public debt through the medium of safe, sane reform.
4. The abolition of direct relief through the protection of public works.
5. Better roads for Alberta.

THURSDAY, OCTOBER 20, 1938

A Contentious Point

SCHOOL trustees of this district are showing perturbation over the proposed formation of the larger school unit in and around Lacombe. A meeting of school trustees was held last week, and a decision to circulate a petition throughout the school districts in an endeavor to find out what the taxpayers of these school districts think of the plan was reached.

One thing was made quite clear. The issue is not a political one. The petition will show only the feeling of the people towards the larger school unit plan. Nothing more! School trustees wish only to find out whether the people want the larger school unit. If they do, then the plan will go into effect, and the people will have only themselves to blame if they do not like the system. If, on the other hand, the petition shows a strong protest against the institution of the larger unit, representations to the Government may be made.

The trustees gathered at the meeting on the whole seemed to be opposed to the plan on the grounds that the control of the teachers is taken from their hands. That seemed to be the greatest bone of contention. The control over the teacher by local authorities would be reduced almost to a minimum—whether this would be the case in actual practice, only a trial of the plan could determine.

What! No Hail?

LAST week hail stones fell in the Lacombe district. In itself, that was nothing, but it has been the subject of much talk, much head scratching and much brain searching among the older residents of the district, who are vainly trying to dig from their minds a precedent for this season-defying weather. Thunder and lightning accompanied the heavy shower, but the pioneers of the district could rake up from the past two or three occasions on which thunder and lightning had appeared in October in previous years' around Lacombe.

But Hail! That was a different thing. It has become a subject of research among the elders—and everyone has so far admitted defeat. Minds have flown back as far as 1885. Each year has been thoroughly reviewed but the same answer—No hail in October until 1938.

That's something.

Will Stimulate Business

(From the Saskatoon Star-Phoenix)

DECIDED speeding up in business should result from inauguration of the air mail service. Possibly it will bring changes in business conditions and methods. Orders will reach their destination in a shorter time and the goods started on the return journey with proportionate quickness. In the case of light or valuable commodities, they may be transported by air. Emergency trips from one side of the continent to the other may be made in a day or slightly more. Social as well as business contacts will be closer.

The resumption of the air mail service, and within a few weeks the passenger service, measures improving national conditions. It marks, too, a growth of the spirit of progress and endeavor which has been so badly lacking for too long a time. Indeed, the beginning of the new air service may very well be a mile post in the movement, both economic and psychological, towards recovery.

Weekly Newspapers

(From the Calgary Daily Herald)

THE conclusion of a successful convention or Alberta weekly newspapermen may well be used as the occasion for some careful consideration of the useful service rendered by these publishers to their communities, the province and the Dominion. As a rule there is too little appreciation of the value of a carefully-edited weekly newspaper. It is taken for granted that the editor is a public servant whose life must be freely devoted to encouraging and even pampering his community. Actually the average weekly editor is a constructive force in his field, and his efforts towards directing readers of his newspaper along sensible lines of progress are worthy of praise.

Alberta weekly newspapers compare favorably with those of any other province. The editors have proven to be independent in thought and courageous of action, particularly in the past few years. This province has a weekly press of which it may well be proud, and so long as these community newspapers remain in strong hands the liberties of democracy in Alberta rest on stout foundations.

The weekly newspaper publisher lives close to the grass roots, and this contact keeps him in touch with what people all the province over are doing and thinking. It is his duty and privilege to record the thoughts and actions of his people and so he assumes the role of local historian. An-

Through the Eyes of a Country Woman

By BRIDGET

There is a mysterious "they" which plays an awfully important role in our lives. Actually we never catch up on "them," nor discover who "they" actually are, but nevertheless and notwithstanding, "they" appear in every walk of life.

Isn't this phrase familiar to most women? "They" say green and rust are to be the colors this winter." Promptly every woman will try and find something to wear in these colors if she can afford it or not. Of course this remark will be attributed to the Fashion Czar of the world. But you would find it very difficult to pin the remark on any special person—it will always be somebody spoken of as "they." Being in a dry goods store yesterday, I learned something: a saleslady said with authority: "they say skirts will be worn quite short this winter." Inwardly I shuddered, because I know full well if "they" say it will be so, it probably WILL be so; and otherwise-sensible women will rush to reveal their legs, however knock-kneed or bow-legged they may be.

"They," however, do not only deal with fashion. "They" spread rumors and can play an important role even in a nation's well-being. Many who lived through the war will remember the famous "Russian troop movement" rumor. The War Office put out this rumor for reasons of their own, partly to test how quickly a rumor would spread. "They" said that Russians had been shipped into Scotland via the North Sea and were being entrained through London to France. Almost impossible when one comes to think it out. However, within forty-eight hours everyone had it. Everyone seemed to know some mysterious person who could swear "they" had seen them, or people who said "they" had it on good authority that the Russians had passed through London behind drawn blinds in railway coaches and so on. "They" built up the rumor so strongly and quickly that everyone, the War Office included, I believe, began to wonder what it was all about.

No one will deny that Alberta's Premier is a very clever man, but even he is troubled by the mysterious "they." Haven't we all heard him say "they" say this and "they" say that, and then hear him answer the criticism he claims "they" have made against him?

As "they" play an important part in rumor, so "they" do in gossip, the unkindest thing of all. But what woman can plead being entirely innocent of having repeated any gossip in her life? A chance remark is overheard, or a confidence given and within a week "they" have taken a hand and the whole thing has grown out of all proportion to its beginning.

Gossip and rumor may not have the same dictionary meaning but they are very closely related. It is usually gossip that starts a rumor, keeps it alive, multiplies it and generally gives it its being. It was not so very long ago when the newspapers reported the suicide of a young woman. The letter she left behind pathetically stated that "they" had been too strong for her. She was referring to gossip mongers.

It is difficult to estimate how much harm a little bit of gossip will do. As it keeps on getting repeated, it is added to, and embellished until it is all but unrecognizable. It is like starting a snowball at the top of a long hill—it rolls slowly down the hill gathering more snow with every roll, until it lies at the bottom, a thing of gargantuan proportions. The trouble with gossip is that usually the original remark may have been innocently repeated, or it may be the outcome of something overheard; more likely than not, only a part of a sentence, which in all probability caused the full meaning to be absolutely lost to the listener.

"They" claim that men don't gossip, that women are the only offenders; but with the passing of the years I have grown to doubt this. Men gossip too, perhaps not so maliciously as some women, but with as deadly effect. I remember hearing an old lady say once, "If you can't say something kind about a person, keep your mouth shut." This is very sound advice, but how many of us are like this? Somerset Maugham, an exceedingly clever and up-to-date writer, describing a tea party in one of his stories, wrote that the most successful part was when half of the guests had left, and the remaining half could tear those that had gone to pieces!

So I am afraid that "they" will continue to rule our live more or less unless human nature takes a hand and alters our "make up."

It is a great pity, as at heart we despise and abhor gossipers, but who could, or would, throw the first stone, for—"aren't we all?"

What They Are Saying

"War is on its last legs because now it can get around and kill the fellows behind the lines, those fellows who create war. That will stop it."—Henry Ford.

"If any country in the world seems to offer opportunities of development it is northern Alberta and the North even beyond that."—Sir Edward Beatty, C.B.E.

"I am no secessionist—I could not picture the Dominion of Canada cut off at the Rockies, and we must have some compensation."—Hon. T. D. Pattullo, Premier of British Columbia.

"The average citizen uses just 43 one-syllable words to express half his ordinary conversation."—Vulney Irons.

other important duty is to direct thinking along lines of common sense.

The majority of people in the larger centres of population may not understand that the weekly newspaper is an indispensable factor in the rural progress of the province. But conventions, such as that held here last week, are illuminating at that point.

Ottawa Listening Post

(By the Reporter With a Notebook)

Weekly News from the Canadian Capital

OTTAWA.—At the moment, it looks as though Col. George Drew, K.C., who failed to get to first base not so long ago with a costly radio election campaign, may have scored a home run with one magazine article.

When Ontario Conservatives met in Toronto last week to discuss leadership problems a good many eyes were turned on Ottawa, where the focal news point of recent weeks has been the Royal Commission Inquiry into the Canadian Government's Bren machine gun contracts. It may prove significant that the date set for choosing the new Conservative leader, Dec. 9, will follow closely the probable wind-up of the probe.

Without doing any pre-judging it may be said that the evidence so far has been sufficient to boost the political stock of the man who inspired it.

The Canadian contractor, Major James E. Hahn, it has been disclosed, visited England and at least opened negotiations for the manufacture of guns for the British Government as an accredited representative of the Canadian Government.

Major Hahn was introduced to the Deputy Minister of National Defence and later accompanied to England by a Member of Parliament.

Contract Was Altered
The Canadian Government contract with the John Inglis Company was altered in effect after department officials had seen Col. Drew's magazine article pointing out at least one loophole.

These facts in the light of further evidence may prove of little significance but, politically, their disclosure is the sort of the check-up on Government activities that Opposition and Opposition leaders are made for.

Newspapers, rather cool at the opening of the inquiry, have been flinching, one by one, on Drew's bandwagon, even to the point of drawing protests from Col. J. L. Ralston, Government counsel.

So, in Toronto last week, the "Drew for Leader" banner was flying high, especially among the younger delegates who are looking for complete revolution in the province of the provincial machine. Unless the political wind changes before December, it will be prominent when the time for voting comes.

Rowe Is Visitor
Hon. Earle Rowe, the retiring Provincial leader, was among the visitors to Ottawa this week and discussed Conservative fortunes—both Provincial and Federal—with the newly-elected Federal leader, Hon. R. J. Manion. It has been rumored in some quarters that Mr. Rowe's visit on the eve of Dr. Manion's Western tour was aimed at urging caution in the Federal leader's "reform or revolution" campaign.

Dr. Manion's trip through the West will be a hurried one. He must be back in the East in time for the London by-election. The Comen, but with as deadly effect. I remember hearing an old lady say once, "If you can't say something kind about a person, keep your mouth shut." This is very sound advice, but how many of us are like this? Somerset Maugham, an exceedingly clever and up-to-date writer, describing a tea party in one of his stories, wrote that the most successful part was when half of the guests had left, and the remaining half could tear those that had gone to pieces!

So I am afraid that "they" will continue to rule our live more or less unless human nature takes a hand and alters our "make up."

It is a great pity, as at heart we despise and abhor gossipers, but who could, or would, throw the first stone, for—"aren't we all?"

Many Motorists "Blind" at Night

Fully 10 per cent of automobile drivers are subject to "night blindness" and many of them do not know it.

This statement was made at a recent convention of medical men held at Ottawa. The authority for the statement was Dr. Ulysses Forget of Warren, Rhode Island.

The statement has interested officials of the Alberta Motor Association, which is active at all times in ways and means of making the highways safer for the motoring public and freer of accidents of all kinds.

Dr. Forget declared that if the people who are subject to "night blindness" drive at night without realizing their affliction, they are a menace both to themselves and to others. Night blindness is a sudden failure of vision which comes on with the approach of darkness, he said.

While the majority of accidents resulted from badly lit streets, fatigue and inattention also were big factors, he said.

Dr. Forget maintained that many pedestrians were killed by automobiles because their vision was too poor to make a correct estimate of distance.

"Automobile drivers should always exercise care in approaching pedestrians. Even if the pedestrian appears to be looking at the vehicle, it is possible he fails properly to estimate the distance," he said.

Spring Valley

(From Our Own Correspondent)

SPRING VALLEY.—On Sunday, Oct. 9, Jones Valley Sunday School visited Spring Valley. The lesson was presented by Rev. S. J. Waterman and Kenneth Krogman gave a violin solo, accompanied by Mrs. Robert Hainsworth at the organ. Spring Valley enjoyed this visit and hopes that Jones Valley may visit often. There were 75 present.

Mrs. Gordon Gail visited with her parents, Mr. and Mrs. Roy Millard, in Lacombe a few days last week.

Alfred Ayres, who had a case of blood poisoning in his knee about a week ago, has fully recovered.

Oct. 28 is the date set for the annual chicken supper at Spring Valley. There will be chicken, pie, cake and many other good things to eat, so better begin to tighten up your belt so you can remove it entirely that night.

We were glad to have with us a Sunday School visitor last Sunday Mrs. Anderson and little son from P.E.I. She is paying her sister, Mrs. Good, a month's visit, and Spring Valley hopes to see her often.

John Ellis has put in a full basement and installed a furnace. They expect to be very cosy this winter.

The time of both church and Sunday School at Spring Valley has been changed from 10:30 to 11:00 a.m. each Sunday.

Mr. and Mrs. Charles Miller came home last week from a trip to Blueberry Mountain, in the Peace River country, where, in company with Mr. and Mrs. Wm. Sage of Lacombe, they visited with Miss Elizabeth Sage, on duty as a nurse at that place. Mr. Miller reports poor crops and dusty roads all the way there and back to near Edmonton.

It was voted last Sunday to extend a cordial invitation to the superintendent of Jones Valley Sunday School, Sanford Leuder, and our superintendent, Mr. Waterman, to address our school in the near future.

Laying for the EAST

The East Likes Western Poultry to the Tune of Nearly \$2,000,000 a year

Not only do Western hens lay for the East to the extent of over 50,000,000 eggs a year, but over 6,000,000 lbs. of them, and their consorts, go East in person to grace the dining tables of Eastern industrial workers.

The East needs the West to feed it. The West needs the East as a market for its produce; so the two work together — the East by spending over \$40,000,000 a year with the Western farmer, and the West — by buying Canadian-built cars.

And that's a point worth remembering, for every car bought in the West helps not only the food-consuming automobile worker — it keeps them working and on payrolls in the rubber, paint, glass, steel, parts, chemicals and many other Eastern industries, to the ultimate advantage of the Westerner himself.

For statistical and further information about this industry, write to Automotive Industries, 1006 Lansden Building, Toronto.

Around the Town

Mrs. T. R. Lett returned recently from an extended trip to Eastern Canada. On her return trip she also visited at Manitow, Man, and Swift Current, Sask.

Mrs. David Gilmour spent last week-end in Vegreville, visiting with her son and family, Mr. and Mrs. Fleming Gilmour.

The Ladies' Social Credit Auxiliary will meet at the home of Mrs. D. S. Thompson Tuesday afternoon, October 25, at 3 o'clock.

The Last-We-Forget Club will hold a bridge party at the Empress Hotel on Friday, Oct. 28, at 8 p.m.

Hubert Winter left last Monday for Castor, where he will relieve for a few weeks at the McDermid Drug Store.

Mr. and Mrs. A. Meston travelled to Edmonton over the week end.

Mr. Stewart Fraser left Sunday morning for Vancouver, where his marriage to Miss Kathleen Maude, formerly of Lacombe, will take place. Mr. and Mrs. Fraser will reside in Lacombe following their return.

Mr. and Mrs. H. D. Frizell and family of Provost, Alta., and Mr. and Mrs. H. B. McKim of Edmonton visited with relatives in Lacombe over the Thanksgiving week-end.

Lacombe and district has been the mecca of a large number of visitors from the United States during the past summer. Among the latest were Mr. and Mrs. Ralph Webster from North Branch, Michigan, who visited with Mr. and Mrs. Roy Webster. When they returned home they were accompanied by Miss Lois Webster. Mr. Ralph Webster is a brother of Mr. Roy Webster.

The "Hospital Donation Day" will take place on Saturday, Oct. 22, and will be held in the Lacombe and District Community Hospital. A silver tea will be served in the dining room and visitors will be shown from the hospital from 3 to 5 p.m. In accordance with hospital regulations, no children under 16 will be admitted. Donations will be appreciated in the form of vegetables, fruits, linens, dishes, etc., etc.

Mr. and Mrs. Joe Peavoy and Mrs. Peavoy's sister, and other friends from Peace River, were recent visitors with Mr. and Mrs. George R. Peavoy of Chigwell.

Mrs. F. J. Emmett held a delightful reception on Tuesday afternoon. Mrs. F. D. Locke and Mrs. Emmett's sister, Mrs. W. M. Nainby of Ponoka, received with her. Mrs. W. T. Hynes and Mrs. A. L. Carr presided over the tea table for the first hour during the afternoon. Mrs. D. MacDonald and Mrs. H. A. Day of Clive for the second hour. Mrs. Lawrence Campbell, Mrs. N. C. Brown, Miss Vera Hoe and Miss Vivian Pratt looked after the pleasure of the guests. During the evening Mrs. C. D. Marble and Mrs. H. J. Ford presided over the tea table with Mrs. Les Matheson and Miss Lida McClary were the assistants. The table was attractive with a low bowl of pink roses and four tall tapers of the same shade. Vases of carnations and bronze mums were used in the drawing room. Over a hundred guests called during the day.

Mr. Harold Henker, who has been employed at the McDermid Drug Co. store here for the past year, left over the week-end to take up a new position in Calgary. His place will be taken by L. Winter, who is at present working in Rimby, and will take up his duties here on Nov. 1. Mr. Gordon Buchanan of Calgary is relieving temporarily.

Mrs. Jesse Fraser was hostess on Monday night to the members of her bridge club.

Mrs. S. G. McCormick of Calgary, who is visiting with her son-in-law and daughter, Mr. and Mrs. Jack Clark, expects to leave for her home this week-end.

After spending a short time with her brother-in-law and sister, Dr. and Mrs. F. J. Emmett, Mrs. W. M. Nainby returned to her home in Ponoka on Tuesday evening.

Mrs. J. C. Jonason of Hanna left for her home on Wednesday after spending a short time with her parents, Mr. and Mrs. H. A. Day of Clive.

Miss M. Sample spent last week end in Edmonton.

Miss E. Witt visited friends in Ponoka last week-end.

Prepare your entry now for the Big Amateur Contest to be held in the Central Alberta Pavilion on Friday, Nov. 11. Application forms may be obtained from F. P. Holgate, Secretary; A. M. Campbell Ltd., or the Lacombe Globe. Two classes will complete this year; one for adults and one for children 14 years and under.

Rev. A. R. Eagles of Golden, B.C., is visiting Mrs. Eagles' parents, Mr. and Mrs. T. Hepley Lewis. Mrs. Eagles and daughter arrived three weeks ago.

Weddings

SELLENCH-EBELING

A pretty wedding took place in this district on Wednesday of last week at the home of Mr. and Mrs. J. C. Ebeling, when Gladys Mae Ebeling, second daughter of Louis Ebeling, became the bride of W. A. Sellench of Lohrburn, Saskatchewan.

The ceremony was performed by Rev. C. A. Warren of the United Church, Bentley. Entering the room on the arm of her father, the bride was a charming figure, attired in a flowing floor length white satin gown. A wreath of orange blossoms held the floor length veil of silk net. The bride wore white shoes and carried a bouquet of pink roses. Miss Lily Blush played Lohengrin's wedding march.

The flower girls, Annie May Ebeling and Lillian M. Pimm, wore pink dresses and carried bouquets of flowers.

During the signing of the register, Miss Donna Moore, accompanied by the bride's sister, Miss Pauline Moore, sang "Little Old Cathedral Among the Pines."

Following the ceremony, 30 friends and relatives sat down to a turkey dinner. The three-tier wedding cake, decorated with pink and silver ornaments, held a prayer place near the head of the table.

Mrs. J. C. Ebeling was assisted by Misses Donna Moore, Pauline Moore, Vera Cox, Agnes Cabelka and Mrs. L. Cabelka. Guests from Saskatchewan were Mr. and Mrs. John Miller, uncle and aunt of the bride, and their son, Manuel Miller.

Other guests were Mr. and Mrs. Ed Miller and son Donovan, Roy Schumaker, Bill Simpson and Fred Pimm.

The couple, accompanied by L. Ebeling and family and Miss J. C. Ebeling, travelled to Wetaskiwin, where they took the train for Saskatchewan. They will reside on the groom's farm. For travelling the bride wore an ensemble of green.

HARMON-MOORE

A happy ceremony was performed when Harold H. Harmon and Lillian M. Moore, both of Lacombe, were united in marriage at St. Andrew's Manse on Tuesday, Oct. 18, at 2:30 p.m. The happy couple were supported by Miss Kathleen Moore, sister of the bride, and Mr. Fred Mast of the bride, Mr. and Mrs. Fred Moore, were also present, and the bride was given away by her father, Rev. A. L. Carr officiated.

SALAMANDICK-DICK

A wedding of interest took place at St. Stephen's Catholic Church on Wednesday, Oct. 12, when Lena Elizabeth Dick was united in marriage with Joseph Salamandick by Rev. Father Harrison. The bride looked lovely in

Romany rye and gypsy stew. Romany kyspies will serve to you. So join us in our merry meal. And hear what the tea cups will reveal—At St. Cypryan's Hall, Saturday, Oct. 22, 5 to 7 p.m. Tickets 25c.

Mr. C. Unwin and daughter Gertrude returned on Tuesday from Calgary, where they visited with Mr. Unwin's aunt, Mrs. H. Adhead.

Mr. and Mrs. W. N. Morrison returned today from Regina, where they attended the Shrove Ceremonial. On their return trip they visited in Calgary.

Mr. and Mrs. H. L. Brown arrived back Wednesday night from a 5000-mile motor trip to California. They travelled as far south as San Diego and spent some time with their daughter, Mrs. E. D. Miner of Fresno, Cal. Mrs. Cliff Danner accompanied them back from Spokane, Wash. after visiting with relatives in that city.

Mrs. E. J. Edgington entertained at delightfully arranged bridge parties on Thursday and Saturday nights of last week in honor of her sister, Mrs. O. J. Simons of Thorby.

Mrs. T. Wilks entertained on Tuesday night at a dinner party in honor of her daughter Betty's birthday. Music, games and dancing were enjoyed by the guests during the evening.

Mrs. T. W. H. Lewis returned last Sunday from London, Ont., where she attended the Woman's Auxiliary of the Missionary Society of the Church of England in Canada.

Remember the dance in the School Assembly Hall Monday, Oct. 31. The proceeds will be used for buying a Piano for the Public School. School children will distribute tickets at 50c each.

a peach, satin ankle length gown and a veil caught with orange Kenzie, Austin Sutor, Bill Bertie, blossoms. She carried a bouquet of pink and white gladioli. The bridesmaid, Miss Esther Crowley, wore a gown of blue, and carried a bouquet of roses and yellow gladioli. Mr. Nick Sokolowski supported the groom.

The wedding dinner was served at the home of Mr. and Mrs. Joseph Dick. The room was decorated in pink and white and centered with a white wedding bell. A five-tier wedding cake made a lovely centerpiece for the table.

Rev. Father Harrison gave the toast to the bride and groom. The guests were: Rev. Father Harrison, Mr. D. J. Crowley, Miss Jen-

nif Lindskog of Ponoka, Jack M. and a veil caught with orange Kenzie, Austin Sutor, Bill Bertie, blossoms. She carried a bouquet of pink and white gladioli. The bridesmaid, Miss Esther Crowley, wore a gown of blue, and carried a bouquet of roses and yellow gladioli. Mr. Nick Sokolowski supported the groom.

**\$90,000 Unearthed;
Story Kept Hidden**

BALTIMORE, Md.—The story behind the man who walked into the Federal Reserve Bank here with an attorney and a fortune in yellowed and long-buried bills may never be told, a bank official said recently.

"It probably will take the Treasury Department several days to examine the money and determine its total," the official said. "Then they probably will send a cheque which will turn over to the man who brought the money to us." That, he said, "would end the bank's interest in the case."

A Negro signed his name "Col. George Washington Jones." On being remonstrated with, on the grounds that he had never been a colonel in the army, he replied, "Dai means 'colored,' and I jes' put it first so it looks better."

The fortune, estimated at \$90,000 and first reported to have been unearthed by a farmer while plowing, was not found by accident but was brought in for redemption after the owner discovered it had been damaged after being buried, bank officials said.

The man and his attorney requested their names not be disclosed. It was not learned where the money had been buried.

SUNNY CREST—A meeting of the School Board was held Monday evening. Ern Crooker was chosen as our delegate to the Elkhorn meeting; at this meeting it is understood that trustees will be appointed for the subdivision.

Ray Gee has purchased a Ford V-8.

The road grader is busy these days between Saunders' and the Harry Rose corner.

Tea was served to the ladies of the Sunday School Tuesday afternoon at the home of Mrs. H. Woods. They have started work on a donation for the Lacombe Community Hospital and are making plans for this winter to keep their busy.

**"Mounties" Plan
Police Radio for
Prairie Provinces**

REGINA—Speedier means of communication to cope with crime on the Canadian prairies is the aim of the Royal Canadian Mounted Police in their plan to establish a police radio system.

Western Canada will be surveyed within a year with a view to establishing such a system, said Commissioner S. T. Wood, head of the force, on an inspection visit here.

The proposal would be to establish in larger centers, such as Winnipeg, Regina, Saskatoon, Calgary and Edmonton, radio stations to make a chain of communications.

Already the Mounted Police are experimenting with radio in the Maritime Provinces, where it is necessary to maintain communication between planes and ships with the coast.

PRESENT-DAY STANDARDS

The teacher had just finished telling the story of the Pilgrims to a group of small children.

"Now, Gertrude," began the teacher, "when the Pilgrims had been here a year and had gathered in their good crops, what did they do?"

"Bought a car," replied Gertrude promptly.

Police Court

Peter Saddleback, an Indian youth, appeared before Magistrate Gore-Hickman Saturday morning on a charge of stealing a bicycle from Bob Fletcher. He was given a year's suspended sentence.

Evangeline Driedger, a Negro, was sentenced to 30 days' imprisonment when she appeared before Justice of Peace L. P. Minkler on a charge of vagrancy Saturday.

Peter Hall, Lorne Glazier and George Murdoch, appearing on a charge of vagrancy before Justice of Peace Minkler Monday morning, was sentenced to 30 days' imprisonment.

Hall was recognized by Constable Mosier as a wanted man from a photograph sent out by the R.C.M.P.

Popular Official Takes Up New Post

Sir Gerald Campbell, newly-appointed High Commissioner for Great Britain in Canada, succeeded

ing Sir Francis Flood, is shown with Lady Campbell and their daughter, Jean, as they arrived in New York recently.

**School Patrols
Start in Alberta**

With the opening of schools in all parts of Alberta, the need of careful driving in the vicinity of these buildings is emphasized by officials of the Alberta Motor Association.

As further evidence of the movement to reduce the accident toll, some Edmonton schools have named students who are acting as patrols at periods when children are crossing the intersections in large numbers, either going to or returning from the school.

These patrols have been given special instructions by city police traffic officers as to their duties and have undertaken their responsibilities with enthusiasm.

The patrols assist groups of students in crossing the street near the school and impress on their charges the importance of taking every care to watch for motor traffic in order to avoid accidents.

Other centres in the province, including some towns, also are reported to be giving thought to training school patrols. Some suggest that this need is all the more urgent at points on main highways where motor traffic is heavy and on the increase.

**ITALIAN WHEAT CROP
SAID BELOW AVERAGE**

WINNIPEG—Authentic reports from Italy are to the effect that the wheat crop has not turned out as well as expected. While Italian government officials will not admit it, it is likely that substantial quantities of wheat will be required. Poland has been negotiating for the sale to Italy of a part of her surplus.

A huge bridge, named after the late Huey Long, now spans the Mississippi River at New Orleans.

**Britain Is Reaping
Big Grain Harvest**

LONDON.—Reaping one of the heaviest grain harvests of recent years, Britain has turned the tables on the pessimists who declared that early drought and the late frosts would prove disastrous.

A season which began badly turned out very well indeed for almost all grain farmers. Large increases are reported by the Ministry of Agriculture in wheat, barley, and oats.

The Ministry's newly published estimates for final yield show a total of more than 3,500,000 tons. Wheat, at 1,719,000 tons, shows an increase of 326,000 tons on last year's crop. Barley, at 727,000 tons, shows an increase of 51,000 tons. And oats, at 1,020,000 tons, an increase of 82,000 tons.

ing postponed from last week will be held at the home of Mrs. H. E. Carruthers.

CHRISTIAN SCIENCE

At last Christian Science church, next Sunday, the subject of the Lesson-Sermon will be "Probation After Death." One of the Scriptural quotations in the Lesson-Sermon is Revelation 2:11, "He that hath an ear, let him hear what the Spirit saith unto the churches. He that overcometh shall not be hurt of the second death." One of the correlative passages from "Science and Health with Key to the Scriptures," by Mary Baker Eddy, is: "Error brings its own self-destruction both here and hereafter, for mortal mind creates its own physical conditions. Death will occur on the next plane of existence as on this, until the spiritual understanding of Life is reached. Then, and not until then, will it be demonstrated that 'the second death hath no power.'" (p. 77).

He that overcometh shall not be hurt of the second death." One of the correlative passages from "Science and Health with Key to the Scriptures," by Mary Baker Eddy, is: "Error brings its own self-destruction both here and hereafter, for mortal mind creates its own physical conditions. Death will occur on the next plane of existence as on this, until the spiritual understanding of Life is reached. Then, and not until then, will it be demonstrated that 'the second death hath no power.'" (p. 77).

At last Christian Science church, next Sunday, the subject of the Lesson-Sermon will be "Probation After Death." One of the Scriptural quotations in the Lesson-Sermon is Revelation 2:11, "He that hath an ear, let him hear what the Spirit saith unto the churches. He that overcometh shall not be hurt of the second death." One of the correlative passages from "Science and Health with Key to the Scriptures," by Mary Baker Eddy, is: "Error brings its own self-destruction both here and hereafter, for mortal mind creates its own physical conditions. Death will occur on the next plane of existence as on this, until the spiritual understanding of Life is reached. Then, and not until then, will it be demonstrated that 'the second death hath no power.'" (p. 77).

Tees Tattle Tales

By TATTLE

TEES.—Threshing is gradually getting finished, a few outfits are still out making a final clean up, and if the present fine weather continues there will be very little left to do by the end of the present week.

Mr. and Mrs. Thorpe and daughters Mary and Marjorie, on their final round of visiting-relatives in Central Alberta, dropped in on the Nelles Wednesday for a couple of days. They are transferring to New Zealand some time during December, where Mr. Thorpe will follow his trade as motor mechanic. Miss Marjorie will be staying at Tees until the time of sailing, where she will try and enjoy country school life.

Mr. and Mrs. Shannon of Acadia Valley paid Tees a visit last week, looking up old friends. Dan Daniels went to Lacombe Monday to visit the dentist. He says he wants to have his teeth in shape for the chicken supper that are coming up after harvest.

Loss Two Games
Two Tees basketball teams took in the tournament at Stettin last Saturday. A mixed team was defeated 12-6 by a team from Rowley in the morning and in the afternoon the High School girls went down to defeat at the hands of Erskine by a close margin of one point. In ten minutes of overtime the score was Erskine 10, Tees 9.

Tees lost the services of one of their best players about half way through the game, when Elsie Brainer, a guard, turned her ankle and severely twisted the ligaments of her knee. With this loss and the fact that the local team had only one substitute player to begin with, the girls were almost played out. Erskine were twelve substitute players. The girls all feel very proud that they did so well and feel that they will do better during the remainder of the year. Miss Brainer, the injured player, is doing her best to operate a pair of crutches, which she hopes to be able to discard before the snow falls.

Don Belknap, the expert well-digger, broke through the bottom of Nelles' well late Wednesday. The flow, although not strong at first, gave him sufficient time to complete the bottom cribbing by 6:30 p.m.; at 7:30 next morning there was 35 feet of water in the hole—in other words, four feet from being an overflowing spring.

After cementing the top nine feet of cribbing, the well has raised to within two feet of the surface. The water is fairly soft and has almost cleared. This well was drilled with a Saskatchewan switch and is concrete proof that water can be located, even though several feet below the surface, providing the diver knows his business.

Leaves for Calgary
John Craik left for Calgary on Friday, where he will try and locate a house before moving to that city. Mrs. Craik's health has not been the best during the past year and she has always felt better in Calgary, "where health and happiness lurk"—that is the place to live.

Lloyd Montgomery spent the week-end at Tees, returning to Clive Monday morning. A big crowd turned out to the big dance Friday night to hear Ritchie's Rhythm Rascals and see an expert tap dancer do his stuff.

The school children have started cleaning off the ground for the proposed skating rink and with the aid of the Community Club hope to be able to secure hose necessary to tap the new well for the water supply. This is something that the parents as well as the children should take a big interest in now that water is available. Let's start the puck sliding.

Our deepest sympathy to Mrs. Glen Marshall, whose father, Mr. Wiese of Bentley, passed away Saturday evening.

HOG GRADING
Hogs to the number of 1,063,473 were graded in Canada during the first six months of 1938. Of that number, 395,493 at stockyards and 658,232 at packing plants were graded alive, and 611,748 by carcass. In the corresponding period of 1937 the total was 2,061,041.

Argentina received the second largest amount of export licenses—\$2,457,886. Of this sum, \$2,442,400 was for war planes.

Mirror

(From Our Own Correspondent)

MIRROR.—Among the outstanding potatoes grown in this district, G. A. Drynan grew five potatoes weighing about 10 lbs. 6 oz. At this rate, it would take only about 28 or 29 potatoes to make a bushel.

Miss Thelma McKenzie, who is a nurse in training at the Lamont Hospital, is visiting at the home of her parents, Mr. and Mrs. H. A. McKenzie, for a week.

On Friday afternoon, Mr. and Mrs. F. L. Smathers motored to Castor, where they spent the afternoon visiting friends.

A number of members of the Eastern Star of Mirror motored to Alix on Thursday evening on the occasion of the official visit to Alix Chapter of Mrs. Mary Harwood, Worthy Grand Matron.

On Friday afternoon Mrs. W. Fray entertained the Contract Bridge Club at her home. Honors were won by Mrs. F. L. Smathers and Mrs. B. Wood.

SANE ADVICE IN POETRY
Stop and let the train go by.
It hardly takes a minute,
Your car then starts again intact,
And, what is more, you're in it.

Spruceville

(From Our Own Correspondent)

SPRUCVILLE.—Mr. and Mrs. Erwin Gottschlich left Saturday for North Dakota to visit with relatives.

Mrs. Boulter spent a few days at the end of last week with the Georges in Wetaskiwin.

Ernie Heath's registered seed wheat threshed 86 bushels to the acre and weighed 64 pounds. It was Red Bobs 222. He threshed oats that made 95 bushels and weighed 43 pounds. It was the Eagle variety, registered seed, procured from the Experimental Farm.

Mr. and Mrs. Dancocks are visiting with the latter's mother, Mrs. English. Mr. Dancocks is enjoying a few days' shooting.

The two families of Youngs and the Nelsons spent Sunday at Red Deer with the Orms.

Mrs. Nyland, who has been staying at the Rice's for the last few months, left Tuesday for her home in California.

On Tuesday the Spruceville Hall took leave of its foundation and was jacked up in order to put a concrete foundation under it.

Arrangements for the Spruceville chicken supper are going forward and there will certainly be no shortage of chickens. Be sure and keep the date—Nov. 4—open for the supper, novelty entertainment and dance, and don't forget the big three-tiered decorated Christmas cake that some lucky person will win.

Mr. and Mrs. Fred Risky and family and Mr. and Mrs. Robert Dalsell spent Sunday with Mr. and Mrs. William Onwan at Bashaw.

FOLLOW THE SIGNS
Motorist: "Can you direct me to the Brighton farm?"
Native: "Sure. Just keep straight on for seven shoving cream and two toothpaste signs; turn right and go till you pass five gasoline signs. There you'll find the house, right behind that big hotel billboard."

W. Barker Elected As President School Fair

Meeting of Association Held Last Week; Norris Shaw, Central, and Amy Fox of Eureka Valley Win Short Course Awards

William Barker was elected President of the Lacombe School Fair Association at a meeting called for re-organization purposes on Thursday, October 13. This was necessitated by the fact that insufficient numbers had attended the annual meetings called throughout the year, the entire burden of carrying on the affairs of the association having fallen on the shoulders of the retiring secretary, Mrs. W. Chessor. Norris Shaw, Central, and Amy Fox of Eureka Valley were elected Vice-President and Mrs. Clyde Flewelling Secretary-Treasurer. Directors are to be chosen by the various school districts.

Announcement was made that this year's winners of the Olds Short Course Scholarships were Norris Shaw, Central School, with 196 points, and Amy Fox of Eureka Valley with 140 points.

G. R. Holton of Olds spoke in the interests of the annual fair and suggested several methods by which he hoped these fairs might be improved. Sixty-one fairs had been conducted from Olds this year and 40 from Vermillion, and he expected there would be an increase of at least ten the coming year. Certain adjustments would be necessary, he believed, with the coming of the larger school unit.

Gives Suggestions
Tabulation of results by teachers while the fair is in progress would facilitate the announcement of prize winners, as well as lessen the work of the secretary. He also advocated an open competition in vegetables, instead of by schools, as a means of promoting better exhibits. Success of the fairs depended largely on the enthusiasm of the teachers and a sympathetic attitude on the part of the parents. Specifications for making a standard course in which to exhibit poultry are to be sent out so that exhibitors may make their own eggs.

Two resolutions were passed, the first that instead of the usual parade, a physical training competition be held next year—this because it was felt that new teachers coming into the district

Westling

(From Our Own Correspondent)

WESTLING.—A farewell party was held in the Westling Hall on Monday night for Will Boddy, who is leaving soon for England. The evening's entertainment was enjoyed by all. Mrs. Somerville gave an appropriate farewell speech and Mr. Boddy was presented with a beautiful club bag. Mrs. D. Will accompanied Mr. and Mrs. William Waldron of Bentley to Edmonton last week.

An entertainment was given in the Oddfellows' Hall, Clive, Saturday afternoon by the Clive W.A. for the children of the English Church.

The Chatslaite Club will meet at the home of Mrs. Arnold Bakers on Wednesday afternoon, Oct. 26.

Visitors to Edmonton
Mr. Boddy and Mr. Monson were recent visitors to Edmonton.

Harold Somerville had the misfortune to have a bone in his arm broken in an accident with a horse.

Matt Zacharuk of Mirror is visiting at Ernie Westling's for some time.

At the card party held in the Westling Hall on Monday night, first prizes were won by Mrs. D. Will and Mr. E. Forch.

A quilting bee was held at Mrs. Will Johnson's home last Wednesday.

Bentley

(From Our Own Correspondent)

BENTLEY.—Mr. and Mrs. Geo. Cummings left last week by car for Dawson Creek, B.C., where they will visit their daughter and son-in-law, Mr. and Mrs. Victor Rimbey.

Mr. and Mrs. Glen Wright and Mrs. N. T. Dameron were Edmonton visitors on Thursday of last week.

New Arrivals
Born at Bentley Hospital Monday, Oct. 10, to Mr. and Mrs. Tony Sloniewski, Bentley, a daughter. To Mr. and Mrs. S. Tolonen, Eckville, on Tuesday, Oct. 11, daughter.

Nurse Thompson of the hospital staff and Nurse Edna Evernden were in Ponoka and Calgary last week attending the refresher course for nurses at those points. Miss Mary Bailey of Calgary was the guest of Miss Edna Evernden several days last week.

TRADE WITH JAPAN

OTTAWA.—Japan's trade with Canada during the first three months of 1938 was valued at 26,726,143 yen as against 26,068,027 yen during the corresponding period of 1937, an increase of 658,116 yen. One yen equals 29 cents Canadian.

HOGS PICKED FOR TORONTO

ROYAL WINTER FAIR

H. E. Wilson of the Experimental Station staff here travelled through the province inspecting swine herds with a view to recommending those of better quality for show at the Toronto Royal. No hogs from this district will be shown at the fair, although a carload, consisting of 23 head, will enter from Alberta.

Canada is the only important producer of rye within the Empire and at one time supplied the bulk of the rye imported into the United Kingdom. Since 1924, however, imports from foreign sources have been larger, so that Canada supplies a little less than half of the rye imported into Britain.

Indian schools in Canada have an enrollment of almost 18,000, which is about evenly divided among 70 residential schools and 280 non-residential.

Blackfalds

(From Our Own Correspondent)

BLACKFALDS—The turn-out to the free supper last Friday night was disappointing, but those who were there had a very enjoyable meal, with more than plenty to eat and a nice sociable evening. After the meal a discussion arose as to what was to be done about the hall, and opinions were put forth ranging from building a new hall to re-flooring the present one. No definite action was decided upon. One gentleman offered to re-floor the hall in one Sunday afternoon, and we hope to put him to the test some day. Mr. Wilkes of Lacombe, who was present at the supper with Mrs. Wilkes, ventured the opinion that the re-flooring job would take at least three days. He obliged us with a song at the conclusion of the evening.

The tea and sale of work sponsored by the Anglican Church last Friday was well supported both by the village and the country, and a satisfactory profit resulted. Arrangements were largely in the hands of Mesdames Royce and Warren, who wish to thank all who gave their support to the event.

Sunday School Started

After last Sunday's service at the United Church, the Rev. Mr. Carr brought the new Sunday School into being. Mrs. McLen, who has been asked to be superintendent if anyone will volunteer for the position. Classes will commence from next Sunday at 2 p.m. and all children will be welcome. Rev. Mr. Carr announced that he was bringing a Miss Seigel to the church later in the month for a concert. Local talent is also to assist.

There was a good turn-out at the sale at Mr. Duck's farm on Oct. 13. Some good prices were realized on the goods sold. The dance at Asplund Hall last Friday night was very well attended. A sale of 25c grab boxes was held during the dance, and all except four of 49 boxes were sold.

Mrs. Reynolds of Clive was a visitor at the Capron home over the week-end, and kindly played the organ at the Sunday service.

The Ladies' Aid are to meet at the home of Mrs. Farewell Thursday, Oct. 20.

SENIOR GROUP MEETS

Senior Young People of St. Andrew's United Church met on Tuesday night at the home of Miss Dorothy Carter, where the usual business session was held and a fine program of games put on by the young ladies of the group.

Fertile Valley M.D. Votes Down Northern Health Unit

(From Our Own Correspondent)

A resolution from the City of Wetaskiwin calling for a petition to form a Health Unit in and around Wetaskiwin was rejected by Councillors of the Municipal District of Fertile Valley at the regular meeting of the Municipal District of Fertile Valley at the regular meeting of the council held in the Municipal Office at Ponoka on Saturday. The resolution from Wetaskiwin read as follows: "Resolved that the Department of Public Health be petitioned to make the necessary arrangements for the establishment of a Health Unit for the Wetaskiwin District and neighboring municipalities."

A motion calling for the purchase of grass seed for distribution under the Forage Crop Plan was passed, as Councillors decided to continue the Forage Crop Plan in their municipality.

The question of snow fences for country roads was brought up for discussion and it was finally decided that "ratepayers interested in securing snow fences for their district roads be asked to get in touch with their Councillor for information."

Lincoln

(From Our Own Correspondent)

LINCOLN—The C.C. Club met with Mrs. R. Urwin on Wednesday last and decided on the annual chicken supper, to be held Nov. 18.

Mrs. Ab Saunders received word that her father was ill and left on Saturday last for his home in Moosemin, Sask.

Miss M. McLean, teacher of the Elkhorn School, spent the week-end with Miss Doris Bradley.

A number of old-timers and friends gathered at the home of Mr. and Mrs. F. Gustafson Monday night to bid them farewell before leaving this district. After a short program, J. Bradley gave an address on pioneer life and presented the honored couple with a suitcase as a token of remembrance from the community. Mr. and Mrs. Gustafson thanked their friends in a few well chosen words. Lunch was served, and with the singing of "Auld Lang Syne" they all adjourned.

Miss Doris Bradley is spending this week with her sister Stella, who is teaching at Sargent School.

Tommy Burns, former heavyweight champion, once operated a clothing store in Calgary.
